

DEAR CLIENTS,

THANK YOU FOR YOUR HELP COMPLETING THE HIV QUESTIONNAIRE!

Your answers will help us improve ISDH services for people living with HIV. Nearly 750 HIV care coordination clients completed the survey. Their responses are presented as the percentage of respondents for each answer.

You are making a difference!

The final survey report will be provided to your care coordinator site later this summer. For questions, please call Lisa at 1-866-588-4948, option 3.
